Thanks, Billy. We currently have a meeting scheduled for this Friday (6/28), 1:30-2:30 PM to discuss with USCCF and KAB. Are you available to attend that call? If so I can forward it to you, if not we can find a time next week to check in and recap.

**Subject:** America Recycles Infrastructure workgroup call notes (6/21 call)

Dear America Recycles Infrastructure Workgroup members,

Attached please find notes from the call on 6/21. It was decided during this call to establish a Steering Committee to move the clearinghouse concept forward. The Steering Committee will meet between now and the next workgroup call on 7/19 to identify the planned scope of the clearinghouse, potential roles and responsibilities, and key action items for moving forward between now and the ARD summit. The U.S. Chamber of Commerce Foundation and Keep America Beautiful have already stepped forward to help lead this effort and potentially sponsor the ultimate site.

If anyone else is interested in joining this Steering Committee and being an integral part of this long-term collaborative

effort, please let us know by the **COB Thursday, 6/27** so that we can move forward with scheduling meetings and planning for the next workgroup call.

Thank you,  
-Brandon
